Students who are applying to graduate programs in SLP must observe sessions that are within the SLP ASHA score of practice. See https://www.asha.org/Certification/2014-Speech-Language-Pathology-Certification-Standards/

Observers must be HIPAA trained before observing a client session.

Observers may not make any pictures or recordings, include PHI in this report, or remove any PHI from the observation site.

Supervisor must sign observation log with ASHA CCC number.
